## About Me

Detail-oriented IT profession with 2+ of experience as a Software Developer, professional at Graphic Designing, Lead Enrichment(Profiling, Data Analyst) and Customer Success. Skilled at operating in a wide range of platforms, I am a multi tasker. Excellent written and oral communication skills; capable of explaining complex software issues in easy-to-understand terms and suggesting best way to eliminate them. I am always enthusiastic to learn and undertake new challenges.

Proven track record in designing websites, lead enrichment, customer success and managing team. I have strong technical skills as well as excellent interpersonal skills, enabling me to interact with a wide range of clients requirements. I am eager to be challenged in order to grow and further improve my IT skills. My greatest passion is in life is using my technical know-how to benefit other people and organisations.
